

The logo for ArtFORMS is displayed on a textured, grey concrete wall. The word "Art" is written in a cursive script, while "FORMS" is in a bold, blocky, sans-serif font. A registered trademark symbol (®) is located to the right of the word "FORMS".

*Art* FORMS®

A stack of six grey, cylindrical concrete bases is shown on a grassy area. Each base has a distinct horizontal groove. A dark grey, square-shaped cap sits on top of the stack. In the background, a modern building with large windows and a concrete walkway is visible.

# COLOR ACCENT BANDS

Popular optional single and double reflective Color Accent Bands are quick 'n easy to install and long-lasting.

Unlike painted bases that flake & peel into eyesores, ArtFORMS® concrete bases retain their attractive appearance, there is no upkeep required, thus no long term maintenance cost burden.

Visit the **Color Accent Bands selector** page on our website

# BRANDING & VISIBILITY

Available in stock and custom colors, add style, branding, and a high visibility (daytime/nighttime) traffic safety feature with single or double Color Accent Bands.

# PROVEN & TRUSTED PRODUCT

Over 90,000 ArtFORMS® concrete base installations across North America. And counting!...

# TESTIMONIALS

My guys and I have been installing ArtFORMS® bases with color accent bands for more than 20 years. They help tie the whole project together and they make everything look more upscale.

From an installation perspective, ArtFORMS® are the best. The forms are convenient and lightweight, and the bases are quick & easy to install. ArtFORMS® bases also have the option for wrap-around reflective color bands that add visibility, especially at night and protect the poles and people's cars. Those only take seconds to install, require no maintenance and last indefinitely.

Considering the installation and the finished product, and since there is hardly a difference in price, it's always disappointing when ArtFORMS® bases aren't called for on the drawings. That's why I recommend them any chance I get.

**Trevor Harkley, President, Powercomm Solutions**

We have been installing ArtFORMS® bases on all of our projects for a long time and we highly recommend them to our clients. This company offers great customer service and their bases are cost-effective, easy to install, and they look so much better than the alternative. Every new build should have ArtFORMS® on-site.

**Peter Vicano, President, Vicano Construction & Developments Ltd.**

# PRICING AND AVAILABILITY

For affordable pricing, contact the factory directly.

**Email:** [ArtFORMS@ArtFORMSConcreteBases.com](mailto:ArtFORMS@ArtFORMSConcreteBases.com)

**Tel:** 905-642-3225

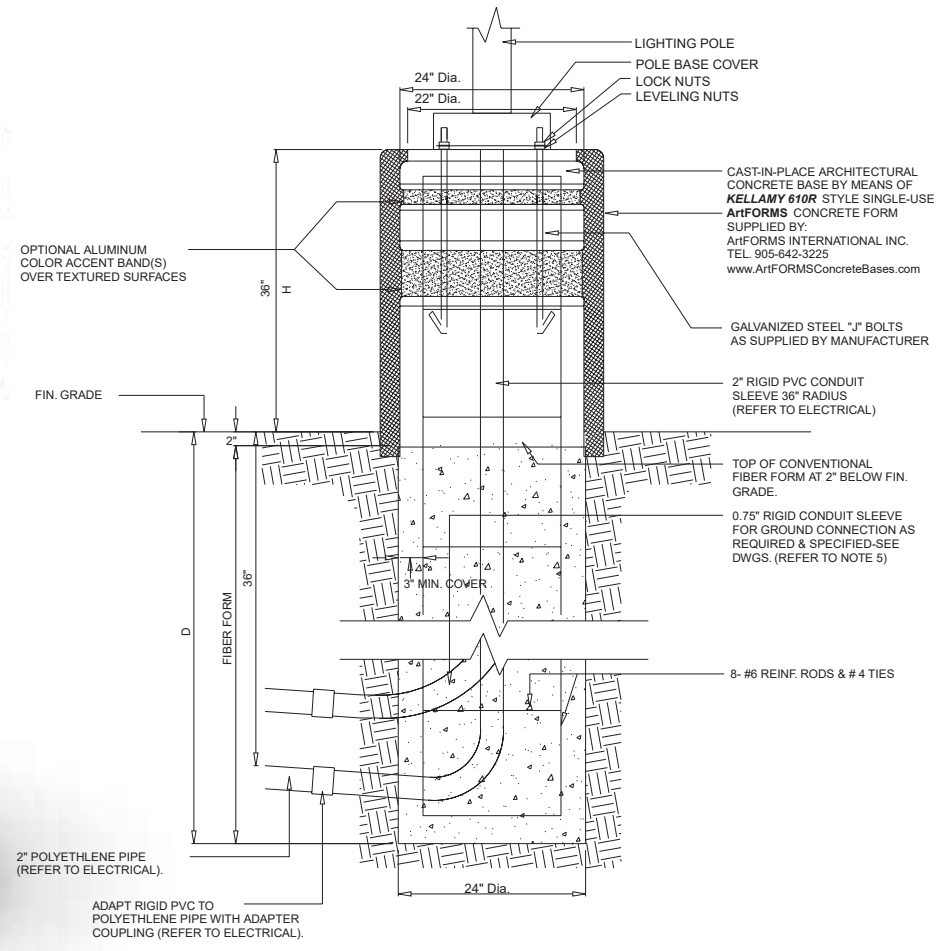

For most regions, ArtFORMS® prices are quoted, sold & shipped factory-direct to Contractors and Distributors. In selected regions, ArtFORMS® prices are quoted & orders are placed through local manufacturers' sales representative offices.

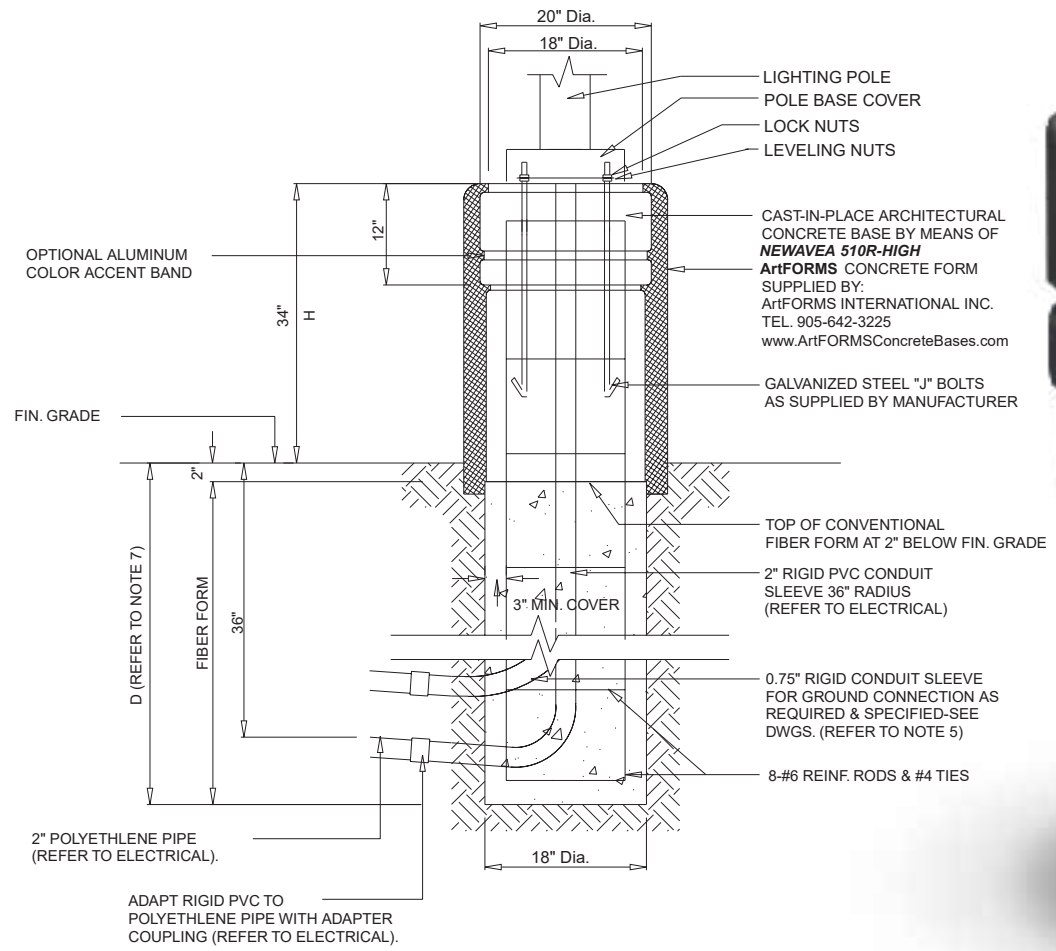

Orders received for stock ArtFORMS® are shipped to arrive at the jobsite (or other destination) typically in 2 to 7 business days, depending on the shipping distance.
